“A One Stop Shop ~ Striving to Serve All Returning Nationals in Every Way Possible”

The establishment of the Returning Nationals Secretariat serves to facilitate the smooth flow of essential information, to provide critical guidance, and to help curtail the red-tape associated with relocating.

The Government has always been aware of the important role returning nationals have played in the socio-economic development of St. Kitts and Nevis. Thus, the Secretariat was instituted to assist Returning Nationals in obtaining up-to-date information to make their resettlement process less stressful. Assistance is given to persons who are eligible to receive duty-free concessions on selected personal and household effects imported into the country, also in relaying pertinent information to obtaining housing, land, investment, counselling, etc.

Who Can Benefit?

Returning Nationals – Any national of St. Kitts and Nevis who has lived abroad for at least ten years and is desirous of relocating to his/her birthplace, along with his/her spouse and dependant(s).

Deportees – The Returning Nationals Secretariat will provide support to nationals returning home as Deportees from the United States, Canada, St. Maarten, and any other country. The Secretariat will offer assistance in finding jobs, locating housing, and utilising other social services. Provisions will be made for counselling, wherever deemed necessary.
